

ALC/SLC

Distance Learning Prerequisites

<https://safety.army.mil/crm/training/tabid/350/default.aspx>

Commander's Safety Course (ALC) and CRM Operational Course (SLC) are prerequisites that are to be completed prior to attending your resident phase in FT Lee. Follow the instructions in the link provided above to access the course material. These courses are a **MANDATORY GRADUATION REQUIREMENT**. If the student completes the training prior to attending ALC or SLC, the completion of the course will be tracked by the Combat Readiness Center Learning Management System (CRC LMS). Their system is capable of providing the student with a certificate of completion. The student will present this certificate upon arrival or during the course as evidence of completion.
